

Candidate Requirements for the Board of Elections

To be qualified as a director, a person must be a registered voter in the precinct that the person represents. A candidate for the office of director or other elective office may file an application with the District to have the candidate's name placed on the ballot. The application must be signed by the applicant and must be filed in accordance with the Election Code. 73

At times, the Uvalde County Commissioners Court may be required to change the precinct boundaries in order to comply with federal requirements. When such changes are made and adopted by the Commissioners Court, the new boundaries automatically become the boundaries for the Uvalde County Underground Water Conservation District precincts.
